

SULTAN-UL-ULOOM COLLEGE OF PHARMACY

(Estd. by Sultan-ul-Uloom Education Society)

Approved by AICTE & Pharmacy Council of India

Affiliated to Jawaharlal Nehru Technological University, Hyderabad.

B. Pharm Program Accredited by NBA

Recognized under Section 2(f) & 12(B) of the UGC Act, 1956

Environment and Energy Usage Policy Document

Introduction:

At the Sultan-ul-Uloom College of Pharmacy, we recognize our responsibility to minimize environmental impact and promote sustainable practices. This Environmental and Energy Usage Policy outlines our commitment to reduce energy consumption, promote resource conservation, and foster an environmentally conscious community. This policy applies to all students, faculty, staff, and visitors.

Objectives:

- To sensitize and educate the students, faculty and staff about green environment and sustainable development
- To conserve energy and to promote energy conservation practices.
- To reduce carbon footprint.

Policy Guidelines:

a. Conservation of Energy: Sultan-ul-Uloom College of Pharmacy strives to reduce energy consumption and greenhouse gas emissions by implementing energy-efficient practices and technologies.

- **Energy Efficient Buildings:** Sultan-ul-Uloom College of Pharmacy will invest in energy-efficient infrastructure, for LED Lighting and air conditioning systems to minimize energy consumption.
- **Renewable Energy Sources:** Sultan-ul-Uloom College of Pharmacy will explore for further expansion of renewable solar energy sources to reduce our reliance on fossil fuels used in generators.
- **Energy Monitoring:** Sultan-ul-Uloom College of Pharmacy will implement energy monitoring systems to track energy usage and identify areas for improvement.
- **Awareness for Conservation of Energy:** Sultan-ul-Uloom College of Pharmacy will promote energy-saving habits among the college community, including turning off lights and equipment when not in use and optimizing temperature settings.

b. Promotion of Sustainable Transportation: Sultan-ul-Uloom College of Pharmacy will support sustainable transportation methods to reduce carbon emissions and promote alternative modes of transportation.

- **Public Transport and Carpooling:** The institution will encourage the use of public transportation and promote carpooling among students, faculty and staff.
- **Carbon Emission:** Vehicles entering the campus will be monitored for carbon printing; vehicles without a valid pollution certificate will not be permitted to enter the campus.

- **Bicycle Infrastructure:** The institution will provide bicycle parking facilities, promote cycling as a means of transportation, and develop bicycle-friendly infrastructure on campus.
 - **Electric Vehicles:** The institution will support the adoption of electric vehicles and provide charging infrastructure.
- c. **Environmental Education:** We aim to raise awareness and educate our community about environmental issues and sustainable practices.
- **Awareness Programs:** The institution will organize workshops, seminars, and events to raise awareness about environmental issues, sustainable practices, and climate change.
 - **Curriculum Integration:** The institution will integrate environmental topics and sustainability principles into relevant courses across disciplines.
 - **Community Engagement:** The institution will collaborate with environmental organizations and participate in community initiatives that promote environmental sustainability.
- d. **Noise Pollution Management:** The college will ensure its commitment to minimize noise pollution through
- **Designating silence zones in the college:** Designated areas for maintaining silence will be displayed through sign boards.
 - **Noise control in the college:** Entry of loud vehicles and unnecessary honking will be restricted in the campus premises.
- e. **Compliance and Review:** All members of the college community are expected to comply with this policy and support its implementation.
- **Monitoring and Evaluation:** We will regularly monitor and evaluate the effectiveness of our environmental and energy usage practices.
 - **Policy Review:** This policy will be reviewed periodically to ensure that it remains updated with evolving environmental standards and best practices.

By adhering to this Environmental and Energy Usage Policy, Sultan-ul-Uloom College of Pharmacy and Sultan-ul-Uloom Education Society are committed to make a positive impact on the environment and foster a sustainable campus community.

Subject: Empanelment of ECBC Expert Professional

Dear Shri Praveen,

This has reference to your application for empanelment of ECBC Expert Professional for implementing the Energy Conservation Building Code (ECBC). We are pleased to inform that you have been shortlisted to act as the ECBC Expert professional for helping in building technical capacity, compliance with code and effective implementation of it. The validity of the empanelment is for two years or till the creation of a pool of Certified Energy Auditors (Buildings), whichever is earlier. A brief on roles and responsibilities of professionals will be as per the prevailing ECBC Rules, 2018, is enclosed herewith.

It may be further noted that "the professional working with ECBC Cell in States/UTs shall not work on the projects for the same State/UT during their tenure as a part of ECBC cells and after one year from the last date of their incumbent in the ECBC cell. Such professionals may provide technical assistance in other State/UT for other projects."

With best regards.

Yours sincerely,

(Saurabh Diddi)
Director
