Background & Rationale

The pharmaceutical and healthcare ecosystem is undergoing a major transformation driven by Artificial Intelligence, data science, real-world evidence, health economics, and digital innovation.

There is a pressing need to create platforms that integrate:

- *Academic excellence*
- *Industry exposure*
- *Career readiness*
- *Innovation and entrepreneurship*

This international conference is envisioned as a high-impact, multidisciplinary convergence platform, bringing together students, academicians, researchers, clinicians, & industry experts to explore next-generation pharmaceutical and healthcare domains.

Objectives

- ✓ *To introduce participants to emerging and future-ready domains*
- ✓ *To enhance research, analytical, and scientific thinking skills*
- ✓ *To provide career acceleration and employability guidance*
- ✓ *To foster innovation, entrepreneurship, and leadership mindset*
- ✓ *To strengthen academia–industry–clinical collaboration*

Target Audience

Students, Researchers & Faculty Members from

- *B.Pharm, Pharm.D, M.Pharm & PhD and other pharmacy professionals*
- *MBBS, AYUSH, BDS, Nursing, Allied Health Sciences*
- *Public Health students (MPH, BPH)*
- *MBA (Healthcare / Hospital Administration)*
- *Research scholars and academicians*
- *Healthcare and life sciences professionals*
- *Alternative medicine students*
